

SAVE TIP LANE

Wirral Council plans to sacrifice the Tip Lane Cycle Track as part of its plans for the Hoylake Golf Resort.

The Tip Lane Cycle Track runs from Hoylake to Gilroy Allotments and Gilroy Road in West Kirby.

It has been used for cycling for decades but current plans with Marriott Hotels and Nicklaus developers are to scrap it - only walking would be permitted (probably via another route).

The cycle track appears on the Council's cycle map and is one of just a few safe off-road cycle routes in the area. The Council should be building more cycle routes - not taking them away.

Wirral Council has been trying to keep this quiet - it was not mentioned at the Nov 2015 displays, and the Active Travel Forum has not even been informed.

Object Now (before 14 Dec 2015)
via Wirral Council's consultation:
at www.wirral.gov.uk/golfresort
